*Let's Get Better
Together!*

A Sober Living Community

Tampa Bay Sober Living, Inc. is more than a sober house. It's a recovery community. Our homes provide a safe and supportive recovery environment that builds a bridge between substance abuse treatment centers and the independent maintenance of long term sobriety. All of our homes are FARR accredited, ensuring high standards of integrity and services along the continuum of care.

TBSL Homes and Services

Our Homes

We offer several locations for both men and women. Each one is conveniently located near shopping, transportation, parks and beaches. All of our apartments come fully furnished, with flat screen TVs, cable, free Wi-Fi, and onsite laundry facilities.

Our Community

While in our active addiction, many of us have isolated ourselves from our friends and family in favor of our drug of choice. We denied ourselves a community, to protect our addiction. As a resident to TBSL you will be empowered to start rebuilding your life around healthy, like-minded people. You will find community, peace and purpose as you begin to truly work the 12-step program in a real world setting.
